SCIENTIFIC CONFERENCE

THE CORE DIFFERENTIATOR OF IDAX

One of IDAX's strongest competitive advantages is its high-level scientific conference program held simultaneously with the exhibition.

The Conference Gathering

- + Dermatologists
- + Aesthetic Doctors
- + Clinical Experts
- + KOLs & Trainers
- + Technology Innovators
- + Industry Leaders Across Asia

The scientific conference creates a highly qualified audience with strong purchasing intent and professional influence.

Beauty & Wellness Business Owners

- + Spa Owners
- + Wellness Centers
- + Beauty Academy Founders
- + Franchise Operators
- + Investors & Entrepreneurs

DOCTOR

Dr. Nguyen Quoc Hung,
Specialist Level II

Chairperson: Former Director of the Hanoi Dermatology Hospital

IDAX 2026 exemplifies a premier exhibition, uniting esteemed brands from France, Japan, Korea, and Taiwan, thereby establishing a platform for multilateral connections between medical professionals and enterprises in the beauty sector.

I particularly value the practicality of the professional content presented here. The vision of aesthetic medicine at the molecular level is not only modern but also reinforces the trend of sustainable beauty: effective from the foundation, minimally invasive.

Dr. Pham Khanh Ly

IDAX 2026 was genuinely impressive, characterized by its expansive scale and the involvement of esteemed medical professionals. Attending the exhibition provided a significant opportunity to remain informed about the latest developments in cosmetic dermatology and to engage directly with numerous reputable brands. This experience was not merely a visit; it was a journey that enriched my knowledge and perspective within the beauty industry.

Dr. Tran Vuong The Vinh

The IDAX exhibition was an exceptionally professional event, featuring impressive booth sizes and meticulously organized seminars. It was a distinct honor for me to network with leading experts and deliver a presentation on 'Fibroblast Reprogramming'. This subject is pivotal, heralding a new era for sustainable endogenous aesthetics.

Ms. Van Anh

CEO - VAN ANH BEAUTY

A remarkable experience with K-Beauty at IDAX 2026! My gratitude extends to the organizers for offering high-quality products and enthusiastic one-on-one testing assistance. I successfully "sealed the deal" on my favorite products directly at the booth. I will undoubtedly be a long-term supporter!

Mr. Tuan

AMH International Joint Stock Company

Having collaborated with IDAX since the 2025 season and returning for IDAX 2026, I genuinely value the advancements in organization. The organizing committee has offered highly effective support to businesses through one-on-one matching sessions, facilitating direct connections with esteemed international brands. The outcomes surpassed expectations; we successfully engaged with and identified 2-3 promising product lines for strategic partnerships in the near future.

IMPORTER

Ms. Trang Pham

CEO - SAN SPA

My experience at IDAX 2026 as a VIP Partner has proven to be immensely valuable. Anticipating the discovery of innovative technological elements to revolutionize the beauty industry, I was genuinely impressed by the operational excellence of IDAX.

The most remarkable aspect was undoubtedly the expertly organized 1:1 matchmaking sessions, which afforded me a private environment to engage in comprehensive discussions and gain closer access to the foremost aesthetic technologies globally. This established a robust foundation for the future growth of my business.

EXHIBITOR

Mr. Daniel Joe

PILKO COSPHARM

This marks our inaugural participation at IDAX 2026, and we are genuinely moved by the welcoming atmosphere. Vietnamese customers are not only cordial but also extend an exceptionally enthusiastic reception. It is a distinct pleasure to engage directly with and serve clients in the Vietnamese market, and we take great pride in being part of this remarkable exhibition.

Mr. Jason Tang

PT AIM TECHNOLOGY INDONESIA

We are privileged to participate in IDAX 2026, a thorough and professional exhibition in the realm of cosmetic dermatology. We extend our heartfelt gratitude to the organizers for their unwavering support and for affording us the opportunity to engage with prominent doctors and experts. Notably, we are pleased to have had the opportunity to connect and engage in direct discussions regarding collaboration possibilities with the many distributors who visited our booth this year.

MR. Tran Hung

N&N GROUP CO., LTD.

IDAX 2026 showcased the remarkable presence of Dermelab and Skinderm in the Vietnamese market. We greatly value the caliber of our customers this year, observing a notably high rate of genuine connections. Numerous partners transcended mere attendance; they actively forged business relationships and scheduled post-exhibition meetings. This serves as clear evidence of the allure of cosmeceutical lines from France and Japan within the IDAX ecosystem.

TESTIMONIALS

ABOUT

VEC – VIETNAM EXPOSITION CENTER

IDAX 2027 will be held at the Vietnam Exposition Center (VEC) — Vietnam's next-generation exhibition venue, purpose-built for world-class international trade exhibitions and business events.

With its modern infrastructure, expansive exhibition facilities, and strategic location in Hanoi, VEC provides an exceptional platform for global brands, industry leaders, professional buyers, and investors to connect, collaborate, and unlock new opportunities across Vietnam and Southeast Asia.

ORGANIZER

Organized by a team with over 20 years of experience in international exhibition and event management, and certified under ISO 9001:2015, IDAX is committed to delivering events of the highest professional standard – combining strategic planning, global reach, and impactful execution.
